

JULY 2021

New Position for Fundraising and Development Coordinator

Hiatus House E-Newsletter Announcement

Hiatus House is excited to announce that we have received funding from the Ontario Trillium Foundation – Resilient Communities Fund. The Resilient Communities Fund supports non-profit organizations to help aid long-term recovery efforts, and helps with their stabilization in the aftermath of COVID-19. Through this funding we have developed a Fundraising and Development Coordinator position, where the coordinator will help Hiatus House develop and implement an overall fundraising strategy over the next year. Hiatus House is looking forward to continue to maintain and develop strong relationships with current and prospective donors, and work both

independently and collaboratively with community partners to obtain additional grants and look at other funding opportunities to enhance programs and services that best serve our community throughout the County.

At this time, we would like to introduce Maggie to the newly created position. Maggie obtained her Bachelor of Human Kinetics (Honours) from the University of Windsor. She also completed studies for her certificate in Not for Profit Management from St. Clair College. Maggie is a lifelong Windsor/Essex County resident and has worked and been an active volunteer in the not for profit and municipal sectors in the areas of special

events, programming, and fundraising and development. Maggie has a passion for the not for profit sector and is very pleased to have the opportunity to work with Hiatus House. She believes that Fundraising and Development are centered around the opportunities to create authentic relationships and experiences for funders, while staying true to the organizations brand. Fundraising is centered in the ability to effectively communicate with donors and the community. Maggie looks forward to the opportunity to reach out Windsor/Essex County residents and promote the mission, vision, and values of Hiatus House.

Maggie and Hiatus House are encouraging any community agencies and prospective donors interested in receiving updates or getting involved reach out and let us know!
