# Hiatus House Receives Inspiration 100™ Grant

*Hiatus House E-Newsletter Announcement*

Hiatus House is excited to announce that we are chosen as a recipient for the 2021 Inspiration 100™ Grant, through the Windsor-Essex Community Foundation (WECF). The Inspiration 100™ Grant was built by a group of 100 community-minded individuals with the goal of enhancing the welfare and culture of Windsor-Essex through charitable giving. The Inspiration 100™ Fund, held at WECF has invested a total of \$215,000 into 33 local charities in Windsor-Essex over the past five years.

Hiatus House received a total of \$10,000, which will be used to create an efficient and organized storage space for emergency clothing and personal care items that are required by women and children arriving at the shelter. Families will often arrive at Hiatus House with only the clothes they are wearing, this is both a difficult and overwhelming time for families. This newly created space will allow Hiatus House to store these important items, making for a more comfortable transition during this challenging time for the women and children accessing our services.

Hiatus House is thankful for this incredible opportunity. With the ongoing support of our Windsor-Essex community, we can continue to break the cycle of domestic violence together.
